What to leave at home

- Valuables you don't want to lose
- iPods/iPads
- Cell Phones
- A sad face

What's Happening?

Attendance at one of Lutherland's camps is bound to be one of the highlights of the summer. It involves a good, healthy mix of fun, relaxation, social development, fellowship, and growing in faith.

Activities

Activities include sports, games, swimming, hiking, canoeing, Bible study, worship, crafts, and quiet time. A canteen is available for short periods each day. Camp fires and sing-alongs, with snacks, finish the days off right.

The campers stay in dorms, which include four bunks per room and shared washrooms & showers, all in the lodge building.

Pastors from our local congregations, counsellors, craft persons, camp management, cooks, and many others will be involved as camp workers. Everything possible is done to ensure that campers have a great time making new friends, growing in faith, and coming away with fond memories that stay with them a lifetime.

Camp Information

The purpose of Camp Lutherland is to provide Christ-centred programs through planned activities in an outdoor setting. Our goal is for our young people to learn to know God and His love through Jesus Christ more fully, to explore who they are in God's sight, contemplate their role in life as God's children, and grow in their relationship with other people.

Lutherland is located along the north shore of Pasqua Lake, about 13 km west of Fort Qu'Appelle, SK, or 3 km west of Echo Provincial Park in the Qu'Appelle Valley. It is truly one of God's beautiful creations. The sand point extends out into the lake and offers swimming and other forms of recreation. Valley hills offer hiking and exploring.
